Dear colleagues,

It is our great pleasure to invite you on behalf of our department to a Rehabilitation Medicine and Geriatrics Symposium on Monday, July 24th at 4 pm.

The occasion is the visit of Prof. Dr. Krishna Piravey, Chair of the Department of Rehabilitation Medicine and Geriatrics at Chulalongkorn University Bangkok.

The Department of Rehabilitation Medicine and Geriatrics at Chulalongkorn University is well known for its outstanding research on gait and geriatric rehabilitation.

As our population ages at a previously unprecedented rate, clinical specialties such as physical and rehabilitative medicine, as well as geriatrics face great challenges in maintaining active participation of elderly people in society.

The presentations of our workshop will highlight the respective efforts of both institutions in order to contribute to this medical and social challenge.

There is a longstanding collaboration between both universities and Prof. Piravey's visit will strengthen a fruitful and successful scientific and clinical cooperation.

We look forward to welcoming you to our symposium!

Yours sincerely,

V. Jansson

Prof. Dr. V. Jansson

E. Kraft

PD Dr. Eduard Kraft

PROGRAM

- 4:00 – 4:15 pm **Welcome**
Prof. Dr. Dipl.-Ing. Volkmar Jansson
Prof. Dr. Peter Falkai
Prof. Dr. Krishna Piravey
